Finished: By exam.					
Learning outcomes:					
Upon successful completion of the course, students will acquire a thorough understanding of the functioning of the Court of Justice of the European Union. They will demonstrate the ability to differentiate between various procedural elements across different proceedings and exhibit awareness of the procedures before the Courts of Justice of the EU. Within the realm of preliminary rulings, students will possess knowledge regarding the procedural nuances from the standpoint of the judicial authorities of EU Member States. Additionally, they will have familiarized themselves with the key case law and developed proficiency in navigating the Court's jurisprudence for practical application.					
Schedule of subject:					
1. The judicial system of the European Union from the historical perspectives.					
2. Composition of the Court of Justice of the EU.					
3. Introduction to proceedings before the courts of the EU.					
4. Common procedural provisions.					
5. Formations of the court and the forms of decisions.					
6. References for a preliminary ruling procedure.					
7. General provisions on the procedure for preliminary rulings.					
8. Infringement procedures.					
9. The action for annulment. Other types of proceedings before the Court of Justice of the EU.					
10. Opinions of the Court of Justice.					
11. Case-law of the Court of Justice of the European Union as a source of Union law.					
12. Engaging with the key jurisprudence of the Court of Justice of the European Union.
